NEW YORK.

NEW FORK, September 19.—The cotton market showed renewed firmness and activity early today. An opening advance of 2 to 7 points in response to higher Liverpool cables attracted heavy realizing, and probably scattered selling for a reaction. Offerings were very well taken on a setback from 15.94 to 15.95 for January, however, and the market later sold up to 15.97 and 16.07 for these positions, or about 10 to 12 points net higher, on Liverpool and New Orleans buying. Orleans buying.
Houses with Liverpool connections

were particularly active on the buying side, with private cables attributing the advance abroad to trade and con-

the advance abroad to trade and continental buying.
Futures opened barely steady: October, 15.71; December, 15.94; January, 16.04; March, 16.19; May, 16.35.
Buying became more active and general owing to the failure of southern offerings to increase as prices worked higher, and the market sold up to 16.18 for December and 16.26 for January, or about 29 to 31 points net higher by midday. Spot houses were big buyers, while it was reported that many old longs who had sold out on the recent reactions were re-ntering the market on the advance of about 120 points from the low level of a week ago yesterday.

NEW ORLEANS.

NEW ORLEANS.

NEW ORLEANS, September 19.—Reports of a better business in Manchester and the good Liverpool market caused an advance of 5 to 7 points around the opening of the cotton market here today. The improvement was met by heavy sales, encouraged by telegrams from the western belt, telling of a heavy movement. At the end of the first half hour of business the trading months were 1 to 2 points under yesterday's close.

Futures opened steady; October, 15.39 asked; December, 15.61 asked; January, 15.75; March, 15.96; May, 16.18.

By the middle of the morning a heavy demand sprang up which the ring was unable to meet. Reports of a better spot demand were circulated and large interests were said to be buying futures. In the trading up to noon prices were put to a net advance of 28 to 29 points. IS SMASHED BY A SHELL PARIS, September 19.-Flight Lieut.
